Report Remove

Report Remove is here to help young people under 18 in the UK to confidentially report sexual images and videos of themselves and remove them from the internet.

How does Report Remove work?

It's against the law for anyone to share a sexual image or video of someone who's under 18, and Report Remove are working with the Internet Watch Foundation (IWF) and Yoti to help individuals to remove any sexual image or video of themselves that has been posted online.

How can I remove a sexual image or video of myself that has been posted online? (For someone under the age of 18)

Report Remove is safe, easy and free – all you need to do is follow these steps:

- choose your age range
- create a Childline account so we can send you updates on your report
- report your image or video to the Internet Watch Foundation (IWF)
- talk to a Childline counsellor if you want any extra support, or access support on the Childline website
- check your Childline locker a few days after your report to see if you need to add any more information and to see updates on your report
- report any issues with this process by sending an email from your Childline locker with the subject 'Report Remove' and as much information about the problem as you can.
- Additionally, here is the link to a video explaining how Report Remove can help if a nude image or video of you has been shared online. https://youtu.be/SwSpo3N6CeE
