

ST JOSEPH'S CATHOLIC PRIMARY SCHOOL

Year 5 Termly Curriculum Plan for Parents- Summer 2022

Religious Education	<p><u>Easter</u> The children will hear about the Church's celebration of Easter through the Easter Vigil. They will learn about the church's belief in eternal life through the Easter story and the Ascension of Jesus into heaven.</p> <p><u>Pentecost</u> The children will gain a greater insight into the Church's belief in the Holy Spirit. We will also explore the Christian belief in the Holy Trinity and prayer and devotion to the Holy Spirit.</p> <p><u>The Work of the Apostles</u> We will look at the significant role the Apostles played in proclaiming the Good News. We will reflect on the work of the Apostles as building the foundations of the church which continues to proclaim the Good News of Christ today. Children will be discussing their faith with children that are non-Christian and also visit a mosque</p>
Maths	<p>Children will learn to:</p> <ul style="list-style-type: none"> • Adding decimals together – 'crossing' the whole • Subtracting decimals with a different number of decimal places • Completing decimal sequences • Multiplying and dividing decimals by 10, 100 and 1000 • Adding and subtracting decimals within 1. • Measuring angles with a protractor • Identifying regular and irregular polygons • Reasoning about 3D shapes • Working with co-ordinates to reflect and translate a shape • Identifying and converting metric units of measurement • Identifying imperial and metric units of measurement • Reading timetables and converting units of time • Comparing and estimating volume and capacity
English	<p>Children will learn to:</p> <ul style="list-style-type: none"> • Continue to read and discuss a wide range of fiction, non-fiction and poetry. • Summarise the main ideas drawn from more than one paragraph, identifying key details that support the main ideas. • Use complex sentences to add detail to their sentences. • Use modal verbs to indicate degrees of possibility. • Use adverbial phrases to link ideas across paragraphs. • Use dialogue and punctuate it correctly. • Use brackets, dashes or commas to indicate parenthesis. • Use adjectives and adverbs to add description to their sentences • Play an active part in discussions and debates. • Plan, write, draft, edit and improve their work. • Assess the effectiveness of their own and others' writing.
Topics	<p>Science – living things and their habitats, animals Art – drawing, collage, digital media Design Technology – Mayan masks and jewellery Geography – rivers and mountains PE – athletics and multi-skills Music – charanga (learning and performing the 'plastic' song) ICT – using ICT to find out information and to present work (cross-curricular) PSHE- My wider world (learning about our community and connectedness)</p>
How you can help your child?	<p>Homework will continue to be given out on Monday to be returned by Friday. We really appreciate the time you spend looking at these activities with your child and would be grateful if you could continue doing this.</p> <p>Spellings will continue to be given out each Monday. Please could you encourage your child to write the spellings given within sentences and also to look up the meanings of any words that they</p>

are unsure of using a dictionary.

Also, we are sure you will continue to support your child with their reading by talking to them about what they are reading and why they like the book.

In addition, it would greatly help children in the maths lesson if they were secure with their times tables and associated division facts. Please encourage your child to use Times Table Rock Stars to improve these skills.

P.E -We have P.E on a Monday. Please send your child into school in their P.E kit to save time changing in school.
